Dear Café 233:

How do we know if we can receive Free/Reduced price breakfasts and lunches?

Students can get free or reduced priced breakfasts and lunches if the household income is within the limits of the Federal Income Guidelines. Students in households getting Food Stamps, TAF or FDIPIR and foster children, can get free meals regardless of income.

Can we submit an application online?

You can submit your Free & Reduced Price Meal Application online! Visit our website and click on the 'Free & Reduced Meals' tab. Paper copies are also available at all schools and the Food Production Center.

Trying new foods is important for lots of reasons.

- Different foods have different nutrients. We need these different nutrients to keep us healthy and strong.
- Your taste buds are always changing. This means that something you tried last month might actually taste better this month.
- Trying new foods is adventurous and gives you courage to face new experiences.

Families can help by -

- Offering new foods at the beginning of a meal, when everyone is hungry. Always offer something new with at least one food your family already likes.
- Never forcing a child to eat. As they become more familiar with a food, they may decide to taste it.
